

Random Hero's map:

# HverFandenErJeg

The PDA-map, complete with numbered fields and size in hectares

\*1: The ad-blimp. You can actually get up on that.

\*2: Typical danish-looking pig-farm

\*3: Your main farm with silo's, silage-pits, one small and one large barn

\*4: Grainmill, sell barley, wheat and canola here

\*5: Farmshop; buy and sell equipment here.

\*6: A small, closed down farm, modelled like my granddads farm back in the 80's

\*7: Swedish inspired farm.

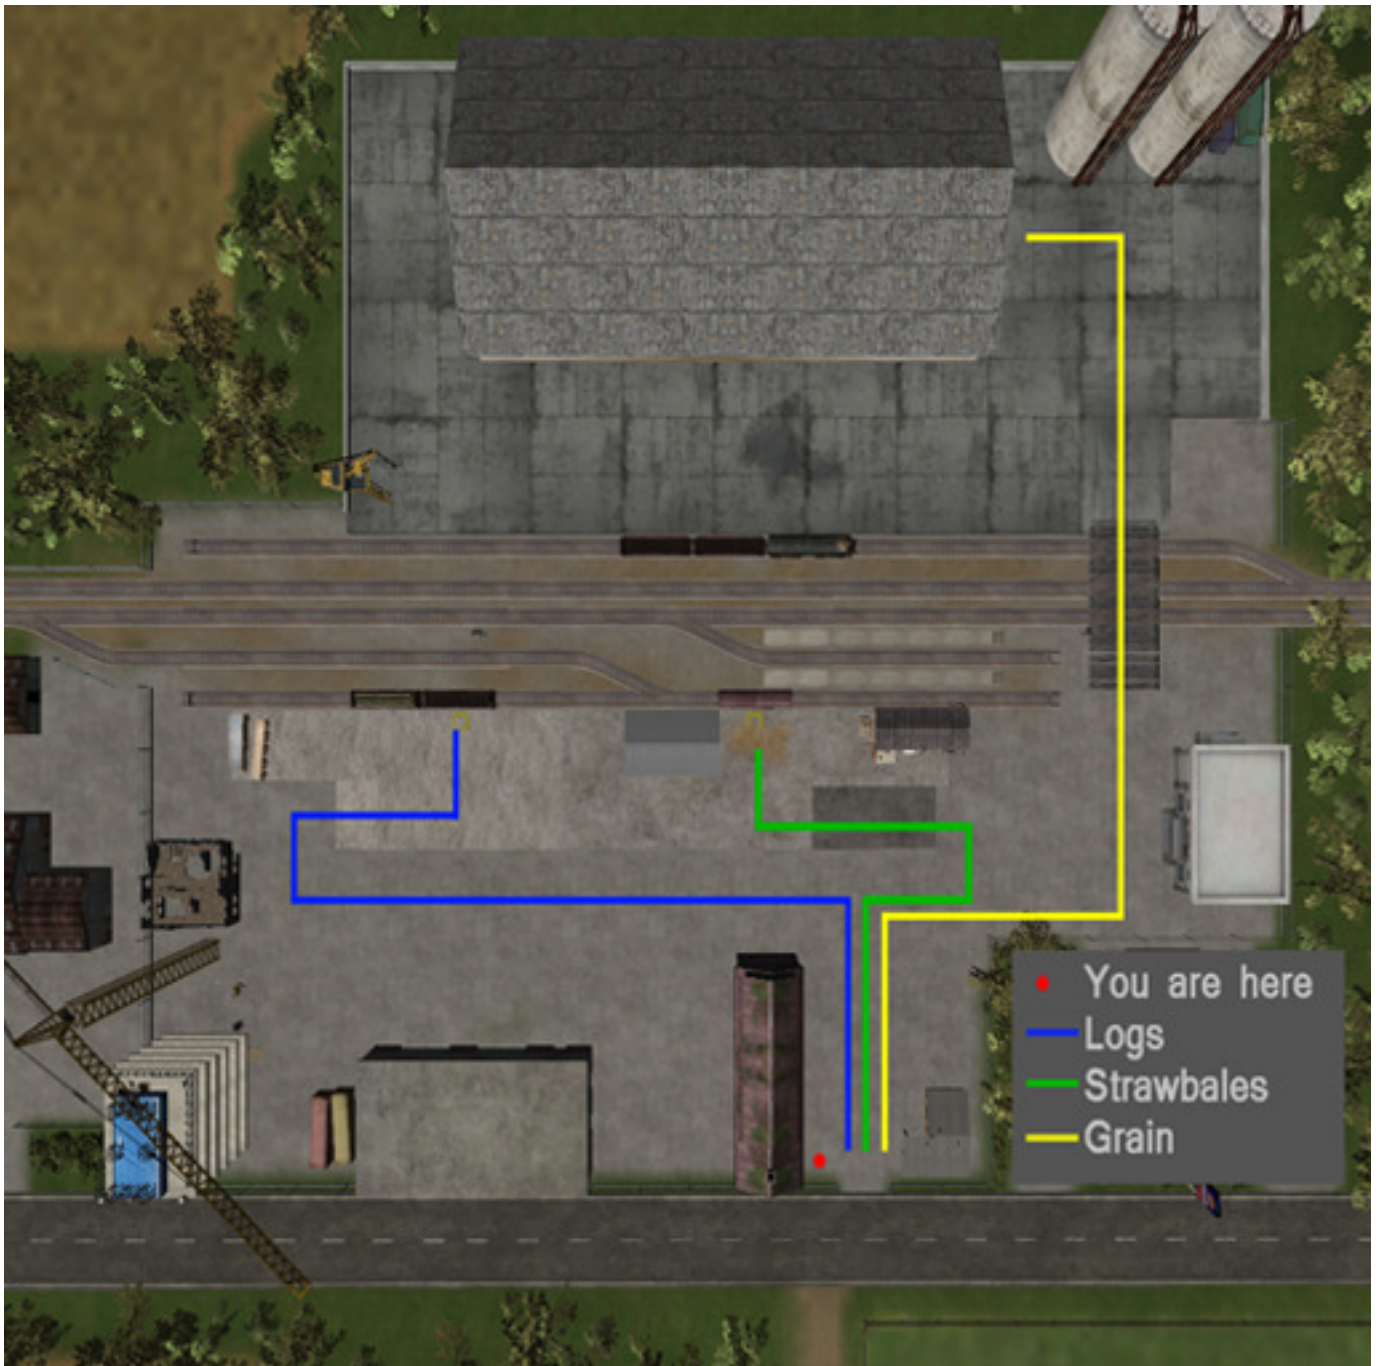

\*8: Dairy. 'Them Ost' is the dairy my dad delivers his milk to. Makes some damn good cheese there.

\*9: Train-station. Sell barley, wheat, canola, corn, straw and hay-bales and logs here (see a map of the transation below)

\*10: A very small american inspired farm. It have a tower-silo for grass and chaff

\*11: All farmers need to relax sometimes, so here is the Tractor Pulling Arena

## Overview of the train-station:

There are a few 'easter egg's' in the map. Can you find them? I will help you a bit:

1: There is a way to get up on top of the blimp in the NE corner of the map.

2: Find the troll! Problem Officer? If you know *meme's*, you know what or who im talking about.

If you have any problems, please report it in the WIP-topic or the support-topic on [www.LS-UK.info](http://www.LS-UK.info)
